

DK MULTI-VIT

General vitamin and mineral supplement for birds and reptiles, to supplement fruit, insects and pate or soft foods

Features and Benefits of DK Zoological Multi-vit

- * General supplement with all important vitamins and minerals for birds and reptiles
- * Supports health and growth
- * Additional amino acids
- * Developed in conjunction with specialised veterinarians and leading nutritionists
- * Adding a general supplement to the diet prevents deficiencies

Feeding Guide

DK Multi-vit should be added at 1% of the diet (e.g. 10 g added to 1 kg). Make sure the supplement is mixed properly with the diet to prevent losses and under/over doses.

4 kg buckets: Use 1 level scoop to supplement 1 kg of food – scoop is included (10 g).

500 g jars: Use 1 level scoop to supplement 500 g of food - scoop is included (5 g).

Product Form

Powder in 4 kg buckets or 500 g jar
